

RSVP Volunteer Driver Transportation Program Rider Information

General Client Eligibility and Trip Request Provisions

1. Riders must be a resident of Story County.
2. Riders must fill out and sign a client application/waiver of liability for RSVP to keep on file.
3. Riders must be mentally alert (unless accompanied) and ambulatory (able to get to and from a vehicle with little or no assistance). RSVP CAN accommodate clients with collapsible walkers, canes, and/or portable oxygen tanks. RSVP CANNOT accommodate large seated walkers or wheelchairs.
4. Riders must be willing to have an in-home assessment conducted by a trained RSVP Volunteer Outreach Specialist to determine eligibility for the RSVP Transportation Program.
5. This service is for essential trips only, with medical appointments taking priority.
6. Our primary focus is on providing rides for elderly (60+) and/or disabled (but ambulatory) individuals. Other consideration will be given to riders on a case-by-case basis. If exceptions are made, riders with children must provide appropriate car/booster seats and install them. All children under age 18 must be accompanied by parent or guardian.
7. **For out-of-county trips, requests will be accepted for medical and medical-related appointments only with priority given to medical specialist appointments that are only available out-of-county.** Exceptions may be made at the discretion of RSVP staff.
8. Clients may request transportation TO an appointment for a procedure requiring sedation but RSVP will NOT provide transportation FROM any medical procedure that requires sedation.
9. Rides must be for 2 or fewer passengers. (Exceptions may be made at the discretion of RSVP staff.)
10. **Riders must not ask drivers to make any additional stops that were not part of the original trip request.** All scheduled stops must be approved/scheduled through the RSVP office. An exception can be made for stops to pick up a prescription after an appointment. Our staff and volunteer drivers need to be aware of all the details of a trip beforehand, so they know how much time they are committing. Abuse of this policy could result in service being discontinued.
11. Riders should not request future trips from a driver or contact an RSVP driver directly to request a ride. ALL trips must go through the RSVP office.
12. For grocery trips, please plan to shop at the nearest grocery store or a store in your own community. If you have a grocery store in your community, trips out of town for groceries are cost-prohibitive for RSVP unless it is combined with and in conjunction with a medical appointment. (If interested, ask about RSVP's grocery delivery service).
13. Other: We cannot accept requests for medical transportation from residents who are Iowa Medicaid members approved for non-emergency medical transportation under a Managed Care Organization. All such requests will be referred to their respective MCO. RSVP can accommodate these members for rides to essential non-medical trips.
